

Good evening everyone.

Below you will find the 2021/2022 Carstairs Bruins U9 and U11 Teams. We have assigned the head coaches already but if you are interested in assisting please reach out to your head coach for more information. Ice times are also listed for quick reference.

I did just want to take a few moments and explain how our evaluation system works. We utilize an online program called Team Genius. This program allows scores to be recorded digitally and updated instantly. We rely on volunteer evaluators who have previous experience coaching or playing association hockey and have no relation to any child on the ice. They are given a selection of kids to evaluate with their names hidden in the software to remain impartial as best as possible. No child received the same evaluator twice during this evaluation and the evaluators were assigned randomly to each group of kids.

The scoring is calculated in the following way. We had 4 evaluation days that were broken down into 4 categories for each of the days. These 4 categories were weighted 25% each for a total of 100% for each of those days. The scores were then combined at the end of all the evaluations to equal the final score that is ranked out of 100% to form the individual teams. The teams listed below are a direct result of those scores. If you do have any questions or concerns, we do ask that you wait the mandatory 24hr period before contacting the executive committee.

A big thank you to all the volunteers and the kids for giving their very best!

We look forward to a fun, safe, and successful season of Carstairs Bruins Hockey!!!
